# HIGH QUALITY BEST SERVICE

Revikor Spare Parts Turkey® supplies OEM and top quality aftermarket spare parts for major brands of construction and agricultural machinery as well as mining machines and forklifts.

We offer our partners to minimize their operational costs, freight costs and quality risks and play the role of "one-stop-shop" as we supply all of their needs from one place instead of lots of suppliers for each requirement.

## WORLDWIDE SHIPPING

Due to the time-critical reliance of these sort of parts, it sometimes comes down to efficient direct airfreight schedules, smooth customs brokerage and quick local delivery.

**WE CAN SEND YOUR ORDERS BY SEA,  
AIR AND LAND SHIPMENTS !**

At REVIKOR SPARE PARTS we have setup secure lanes and have extensive experience handling the door to vessel delivery of a wide arrange of spare parts and even larger engine and machinery equipment.

WE ARE **Revikor**

## WE AIM TO MAXIMIZE UTILITY

### MISSION

REVIKOR aims to be dynamic, innovative, in time, reliable and the best solutions center of our business partners.

### VISION

REVIKOR aims to develop, innovate, produce and supply the best quality spare parts of heavy duty machines, mining machines and tractors with best quality services and prices.

HIGH QUALITY PARTS ARE NOT  
NECESSARILY HAVE TO BE EXPENSIVE

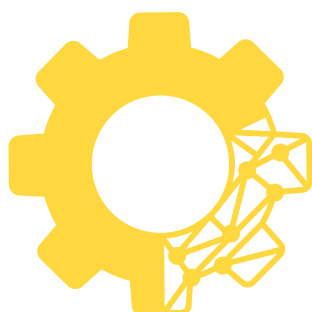

Turkey based wholesale multinational company for heavyduty machine, mining machine and tractor spare parts and components company REVIKOR, entered the market in 2021.

Since the founding, REVIKOR has been developing in the direction of modernization, large scale distibution and specialization.

REVIKOR spare parts are being used in repairs of Bucket, Drifter, Steering, Clutch and Brake systems, Engine systems, Transmission and Body.

Most of the parts are supplied from the best manufacturers in Turkey and sent over to the world.

Our notable contributions to the market, with a high level of customer focus, have been recognised over time, all around the world.

We supply our products with flexible quantities, warranty, fast delivery times, competitive prices and unconditional customer satisfaction.

The performance of your machinery depends on the performance of different parts used in it. That's why at REVIKOR utmost attention is given to each & every part provided for your machinery.
